

SRI VENKATESWARA

COLLEGE OF ENGINEERING AND TECHNOLOGY

Thirupachur-631203, Tiruvallur TK & DT
Approved by AICTE New Delhi & Affiliated to Anna University, Chennai
(A Telugu Minority Institution)

ACTION TAKEN REPORT

Stake holder: Students No. of responses: 1220		
S.no	Suggestions	Action taken
1	Knowledge in Industry practice	Arranging industry visits enables students to comprehend the equipment and tools used in many industries and see any gaps that may inspire ideas for their course assignment. In some of these firms, students are also doing In-plant training or summer internships.
2	Promote self-learning	Mini-projects that aid in students' self-learning of tools and software are encouraged.
3	Need more internship	Students are permitted to work internships in their fields at establishments that have been sanctioned by the relevant discipline.
4	Competition exposure towards real world	Technical quiz competitions were conducted to develop competition skills and enhance knowledge by sharing among the students
5	Need more extra-curricular activities	Arrangements are made for the same
6	Improve Wi-Fi speed	Arrangements are made for the same
7	Plant more trees	Shade-loving plants are planted on campus wherever feasible to increase the amount of green space.
8	Improve real world exposure	Students are encouraged to attend technical competitions
9	Improve drinking water facility in all floors	Arrangements are made for the same
10	Need to renovate the hostel rooms	Arrangements are made for the same

ACTION TAKEN REPORT

Stake holder: Employer

No. of responses: 15

S.no	Suggestions	Action taken
1	Enhance communication and physical fitness	Motivated students to take part in extracurricular activities at different universities. The college has a number of clubs that operate. Sports and other forms of physical exercise are valued.
2	More initiatives focused on industry are required.	Industries are categorized according to study fields. Applications for industrial visits, in-plant training, internships, and placements are made to the industries.
3	More hands-on instruction in emerging technologies	Courses on emerging technologies were included to the curriculum.
4	Project development requires more exposure.	Students were encouraged and given permission to complete their assignments in the actual industry.
5	Include skill-based subjects in curriculum	Guest lectures, Seminars, Industrial visits were organized to improve technical skills and meet industry requirements
