Seminar on "How to Start a Startup Company" was inaugurated on 14-09-2018 by the resource person. Principal Dr.J.Venkatesh, Sri Venkateswara College of Engineering and Technology, during his felicitation address he motivated the students to attend all the programs.

Dr.J.Venkatesh Principal- SVCET, delivered details about How to Start a Startup Company. Startups are newly founded companies or businesses that are often characterized by their innovative ideas, scalable business models, and high growth potential.

Now you must be clear with the concept of problems and solutions, which is very important to know how to start a startup in India. There are other ways to generate ideas to identify problems, which are as follows.

Market research is one of the best methods for idea generation. This will help you to know what kind of products or services are in the current market. Also, it will identify the needs of consumers.
