Report of the Event

Name of the event: Workshop on "Enforcement of IPR in India"

Name & profile of the speaker: Dr.M.Ravi Sankar, Prof/MCA, SVCET.

Date: 19-03-2021

Venue: A203/Main Block & 10am.

Number of participants: 54

Workshop on "Enforcement of IPR in India" was inaugurated on 19-03-2021 by the resource person. Principal Dr.J. Venkatesh, Sri Venkateswara College of Engineering and Technology, during his felicitation address he motivated the students to attend all the programs.

Dr.M.Ravi Sankar, Prof/MCA, SVCET, delivered details about Enforcement of IPR in India.

IPR enforcement, also known as Intellectual Property Rights enforcement, refers to the legal mechanisms and actions taken to enforce the intellectual property rights of a concerned entity. One of the primary objectives of IPR enforcement is to deter and combat infringement activities which occur when someone uses, reproduces, distributes, or sells protected intellectual property without the permission or authorization of its owner. IPR enforcement mechanisms include legal remedies like damages, injunctions, and other forms of reliefs, thereby allowing IPR holders to take legal action against infringers.

To effectively enforce IPR, various legal measures and strategies are employed. These may include registering intellectual property rights, such as patents, trademarks, and copyrights with proper documentation for an accurate record-keeping of your IP assets. Rights holders can also initiate civil lawsuits against infringers to seek remedies for infringement.
