Seminar on "Use of IPR in Modern Management Methods" was inaugurated on 08-03-2022 by the resource person. Principal Dr.J.Venkatesh, Sri Venkateswara College of Engineering and Technology, during his felicitation address he motivated the students to attend all the programs. Dr.S.Muniraj, Prof-MBA, SVCET delivered details about Contemporary Issues in IPR in India.

Intellectual Property Rights are important to stimulate and promote research and development. If the inventions and ideas of individuals and organizations are not protected then the concerned people or organizations will not reap the benefits of their hard work and naturally, it will lead to discontent and reduce the efforts in the field of research and development, which is extremely important for the growth and development of humanity.

Patents – It is used for protecting new inventions, ideas, or processes. Patent holders need to pay periodic government renewal fees. An approved patent is for a limited time period.

Copyrights – It protects the ideas, examples would be written works, music, art, etc.

Trademarks – It is something that protects the symbols, colors, phrases, sounds, design etc.
