Dr.Edara Krishna Reddy, Prof/Civil, SVCET delivered details about Secret Mantra for Successful Entrepreneur.

Short term benefits shouldn't ever be the base to a decision. Every action has a reaction; every decision has its repercussions. Make wise choices. There do occur, situations in business when one can feel a temptation to quickly move up the ladder. There's no harm in having a dynamic approach and a go-getter attitude but balancing is one lesson to be learnt by heart. A major drawback we are experiencing with this fast-paced life is the urge for instant gratification.

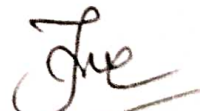

### **Stand Ahead of the crowd**

There's a very interesting saying that "Stars don't compete with other stars, they just shine." I find myself completely in cognizance with the idea. Mutual growth is sustainable development. However, it is also primary to develop a differentiator.
