## Report of the Event

Name of the event: Workshop on "Journey from an Engineer to Entrepreneur".

Name & profile of the speaker: Dr.V.Gajendrakumar, Prof/ECE, SVCET.

Date:21-10-2021.

Venue: A205/Main Block & 10am.

Number of participants: 58

Workshop on "Journey from an Engineer to Entrepreneur" was inaugurated on 21-10-2021 by the resource person. Principal Dr.J.Venkatesh, Sri Venkateswara College of Engineering and Technology, during his felicitation address he motivated the students to attend all the programs.

Dr.V.Gajendrakumar, Prof/ECE, SVCET delivered details about Journey from an Engineer to Entrepreneur.

I'm an engineer turned entrepreneur. Owning and running my own business has always had an appeal to me, but for a while, I thought that transitioning from engineer to business owner was quite a career jump. Reflecting on my path and realizing the skill sets needed to do both, I now know there's quite an overlap of applicable business skills that are useful in both fields.

If I had to describe an engineer's role in only a few words, it would be "we solve problems". When some mechanical issue arises or that new circuit isn't working, we engineers are comfortable working our magic to solve those problems.
