Mr. M. Sivasubramanian currently working as an Associate Professor in the Department of EEE in Sri Venkateswara College of Engineering and Technology, Thiruvallur, and has about 17 years of teaching experience in various Engineering colleges in Tamil Nadu. He received a bachelor's degree in EEE from Madras University, Chennai in 2000, and a Master's degree in power systems engineering from a College of Engineering, Guindy, Anna University in 2007, and he submitted his thesis report for his Ph.D. at the SRM Institute of Science and Technology, Kattankulathur, Tamil Nadu. He has published 22 research papers in refereed international journals and 25 research papers in the proceedings of various international conferences. He has received several best paper awards for his research papers at various international conferences. His areas of research include Fault analysis in Power systems, Multilevel Converters, DSTATCOM, Stability, and control of electric power grids, Renewable energy systems, sensors and transducers, and microgrids, DC-DC converters for renewable energy applications. He is an active member of IEEE Life Member

Dr. N. Krishnamoorthy currently working as an Associate Professor in the Department of Physics in Sri Eshwar College of Engineering, Coimbatore, and has about 20 years of teaching experience in various Engineering Colleges in Tamilnadu. He received a bachelor's degree in Physics from AVVM Sri Pushpam College, Poondi, Thanjavur District affiliated to Bharathidasan Mission Vidyalaya College of Arts and Science, Coimbatore, affiliated to Bharathiar University, Coimbatore, in 1998, and his Master's degree in Physics from Sri Ramakrishna Mission Vidyalaya College of Arts and Science, Coimbatore, in 2002 and Ph.D Degree from Bharathiar University in 2015. He has published 10 research papers in refereed national and international journals.

Dr. Y. Sukhi is working as Professor in the Department of Electrical and Electronics Engineering in R.M.K. Engineering College, Thiruvallur, and has 25 years of teaching experience at R.M.K. Engineering college. She received bachelor's degree in Electrical and Electronics Engineering from Government College of Engineering, Tirunelveli in 1993, and Master's degree in Mechatronics from Madras Institute Technology, Chrompet, Anna University, in 2000 and Ph.D in Faculty of Electrical Engineering in 2010. She has published 45 research papers in refereed international journals and 25 research papers in the proceedings of various national and international conferences. He has received the Best Faculty Advisor Award from IET ISTE. Her areas of research include Renewable energy systems, Sensors and transducers, DC-DC converters for renewable energy applications. She is an active member of IET and Life Member of ISTE.

Dr. Y. Jeyashree received her Bachelor degree in EEE from the Government College of Engineering, Tirunelveli in 1995. She received her master degree in Power Electronics and Drives from College of Engineering Guindy, Anna University in 2003. She received her Ph.D degree in Instrumentation and Control Engineering from S.R. M Institute of Science and Technology, Kattankulathur, in 2017. From 1995-1997, She worked as a lecturer in Jerusalem Engineering College. From 1997 - 2007, She worked as Assistant Professor in Sathyabama Engineering College. Presently, she is an Associate Professor in the Department of EEE at SRM Institute of Science and Technology, Kattankulathur, Tamil nadu, India, since 2007. Her research interests are power electronics and power generation using MEMS, Sensors and transducers. She is a life member of The Institution of Engineering and Technology (IET) and The Institute for Smart Structures and Systems (ISSS).
