REPORT OF THE PROGRAMME

9. Awareness programme on Road Safety

Programme Organized by	NSS Unit
Name of the Event Organized	Awareness Programme on Road Safety
Date of the Event	11-01-2019
No of the Students Participants	30
Venue	Pandur
Faculty In-Charge	Mr. M. Namachivayam
Contact Number	9940269316

The NSS volunteers created awareness on Road safety among Pandur villagers on 11-01-2019. Mr. Namachivayam Assistant Professor, Sri Venkateswara College of Engineering and Technology initiated his speech with life is full of wishes, love and ambition. There are many ways in which we can improve road safety. In order to keep yourself safe and out of harm's way, we must always walk on the pavements meant for pedestrians. Do not jump or run on roads, as you never know when a vehicle might appear. Similarly, always follow the traffic signals religiously. Even if there is no one on the road and the signal is red, do not move until the light turns green. The obedience to traffic rules must not depend on the traffic on the road. One must follow them no matter what.

In addition, when you're on foot, always cross the road at zebra crossing only. Do not jump on dividers or more to do the same. Most importantly, always make sure to look both ways, left and right when crossing the road. Even if it is a one-way street, just because you are following the rules does not mean the other person is also doing the same. So keep your safety above everything else. Adults must not leave children alone on the road and never use your phone while driving or walking on the road. When in moving vehicles, always wear your seat belt. Similarly, when on a two-wheeler, do not forget your helmet. Finally, do not take out your head or hand in a moving vehicle. Always remember that your safety is in your hands. If you notice the driver being irrational or careless, correct them. Practice road safety and encourage children to do the same.
