Venkatesh, presided over the function. Mr.M Namachivayam AP, EEE, Department NSS programme officer, Sri Venkateswara College of Engineering and Technology addressed about the information on importance of Voting.

Voting is an integral part of democracy, and it is necessary for people to have a voice. Everyone has the right to vote, which means that all Indians can vote for the Prime Minister of their choice. By voting, you can create change and make a difference in your community. It is also important to vote because you can only repeal a law if most citizens agree with it.

Voting is one way to be more civically engaged with your government. It is vital to make a difference in the world by having your voice heard and representing the views of people who don't have a voice. If you want to create change, voting is an excellent way.
