SAFETY IN HIGHWAYS

Responsibility for road safety is a collective effort. Prioritize safety during every journey. Adhere to speed limits and follow traffic signs diligently. Stay focused and avoid distractions such as mobile phones. Remain vigilant of pedestrians and motorcyclists. In adverse weather conditions, reduce speed and maintain a safe distance from other vehicles. Collaboration among cyclists, pedestrians, and drivers can enhance highway safety for all road users. This message was reiterated on August   10th 2022.

TREE PLANTING PROGRAMME

Name of the event: Tree planting Programme

Place of the event: Pandur Village.

Date of the event: 19.08.2022

Out comes: create awareness among student to plant more saplings.

The NSS volunteers created awareness on planting trees among Pandur village on 19-08-2022. Mr. M. Namachivayam NSS Programme officer, Sri Venkateshwara College of Engineering and Technology initiated his speech with life is full of wishes, love and ambition. Around 30 NSS volunteers and staff members are actively participated in this program. There is a Chinese proverb that says, "The best time to plant a tree is twenty years ago. The second-best time is now." Trees are our only lifelines, and without them, our world will get turned into barren lands without life in it. People are neglecting this fact, and as a result, desertification is happening worldwide.

AWARENESS PROGRAM ON AGAINST PLASTICS

Name of the event: Awareness Program on Against Plastics

Place of the event: TELC Kabis higher secondary school, Pandur

Date of the event: 10.03.2023

Out comes: Create Awareness to Avoid Plastics Among Students

On March 10, 2023, the SVCET NSS team organized a plastic disposal awareness program at TELC KABIS Higher Secondary School, Pandur. With the aim of maintaining cleanliness in the school premises, volunteers guided the youth to collect plastic bottles and other plastic items. Furthermore, they encouraged students to utilize paper bags and other biodegradable materials for carrying objects within the school, instead of relying on single-use plastic items.
