(A Telugu Minority Institution)

Dr S.Palani.M.E., Ph.D.

Principal.

28.07.2022

To,

The Director,

Center for Academic Courses,
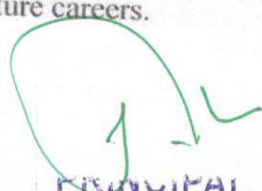

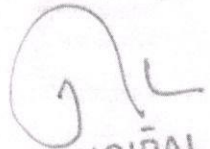

Anna university,

Chennai.

Respected Sir,

Sub: Submission of 2021-2022 feedback from various stakeholder Related to curriculum- Reg.

Our Institution has a put a lot of effort in to gathering feedback and making improvements to the curriculum. It's great to hear that anna university has been respective to these suggestions and has incorporated them into the 2021 regulations

Suggestions Related to Curriculum:

1. Making course materials accessible is crucial for student learning. If certain textbooks are unavailable, utilizing e-content question banks from the university can provide valuable resources for students. This digital approach can also keep the content updated and aligned with emerging domains.

2. Including widely-used technologies and tools in the syllabus can better prepare students for the demands of the industry. By focusing on practical applications, students can develop relevant skills that are directly applicable to their future careers.

Engineering and Technology,
Thirupachur, Thiruvallur - 631 203

3. Integrating practical courses into the curriculum enhances hands-on learning experiences. This allows students to apply theoretical knowledge in real-world scenarios, fostering a deeper understanding of the subject matter.

4. Providing flexibility in course design, similar to Autonomous Institutions, can cater to diverse learning needs and interests. This adaptability allows for personalized learning experiences, better accommodating the varied backgrounds and goals of students.

By implementing these suggestions, Anna University can further enhance the academic quality and relevance of its programs, better preparing students for success in their careers.

Thanking You
